For the analysis of the project, the documents must be sent by the deadline. It will not be allowed the construction of the booth that is not with the project approved by Route 183 Assessoria e Eventos LTDA which is responsible for the evaluation and release of the assembly of EXPOGEf RIO 2023.

18th International Congress of the Brazilian Geophysical Society & Expogef

ATTENTION:

- The assembly of the booth will be released upon approval of the project, discharge of all debts of the exhibitor and the assembler. It is of paramount importance, for inspection reasons, to keep the copy of the project and A.R.T./R.R.T. in the booth during the entire period of assembly and realization of the event.
- The presentation of the A.R.T./R.R.T. is mandatory both for the preparation of the project and for the execution and must cover the period of assembly, realization and disassembly of the event.
- The copies of the documents requested above and the deposit check (page 23 of the Exhibitor Manual) must be delivered to the Official Assembler's Service Desk, on 10/14/2023, so that access to the pavilion and assembly of the booth is released.
- Failure to comply with the above determinations within the stipulated period exempts the Brazilian Society of Geophysics and Rota 183 Assessoria e Eventos LTDA from any responsibility and/or obligation.
